1. Term. The Effective Date of the Agreement is 10 / 01 / 2023.
2. Intent. This Agreement sets forth in writing the understanding that Car Wash Enterprises, Inc. DBA **Brown Bear Car Wash** will provide exterior car wash services to Fleet Organization under the terms and conditions set forth below.
3. Wash Service Provided. CWE agrees to provide the “Beary Clean” car wash package available at all Brown Bear Car Wash exterior-only, conveyorized tunnel car wash locations during regular business hours for **six dollars per wash (\$6.00)** tax included.
4. RFID/BARCODE Tag Management. CWE will provide logoed RFID tags to the Fleet Organization to be installed in participating vehicles. Fleet Organization will ensure that one RFID tag is properly installed on the inside, top, center of the windshield and a corresponding BARCODE tag is installed on the inner part of the driver’s side door (facing the door jamb). Each vehicle must have both tags with matching tracking numbers to be eligible for car wash services. The security and distribution of the tags is the responsibility of the Fleet Organization.
5. Tag Activation. Fleet Manager will communicate to CWE, via email, the Tag number and associated vehicle information, (i.e. vehicle #, license plate #, etc.) when enrolling a vehicle in the Fleet Program. The Fleet Manager will communicate to CWE the type of wash allowed for the associated Tag and the frequency with which the vehicle can receive a car wash at a CWE tunnel facility. This email will

constitute authorization for CWE to wash the vehicle and bill Fleet Organization for wash services provided each month.

6. Tag Deactivation. Fleet Manager will notify CWE, via email, if a Tag number is to be deactivated. Within 72 hours of email notification, the Tag number will be deactivated, and Fleet Organization will not be billed for services provided after this time period.
7. Billing. Fleet Organization agrees to provide payment to CWE for invoiced charges within 30 days of the receipt of the monthly invoice/report. CWE will provide a monthly Fleet Activity wash history report that will detail the date, time, and type of wash services provided to each vehicle enrolled in the program.
8. Termination. Either party may terminate the agreement at any time by providing a written letter of termination. Car wash services will end at the end of the month in which the Agreement is terminated.
9. Post Termination. Fleet Organization will surrender all undistributed inventory of RFID/BARCODE Tags upon termination of the Agreement. Fleet Organization agrees to pay for all wash services provided during the final month of participation (the month in which the program is terminated).
10. Dispute. In the event of any court-filed action concerning the terms of this Agreement, the prevailing party shall be entitled to an award of its attorney fees and costs.

It is AGREED this 1st day of October, 2023.
