GENERAL PROVISIONS
ATTACHMENT TO
CONTRACT FOR BASIC LIFE SUPPORT AMBULANCE SERVICES

1. **Engagement of Contractor/Scope of Work.** The City hereby agrees to engage the Contractor, and the Contractor hereby agrees, to perform the work in a competent and professional manner and provide the services described in the Contract Documents, including without limitation the RFP Scope of Work. This work so identified is hereafter referred to as “Work.” In the RFP, the Contractor is referred to as the “Supplier.” If the Contractor’s proposal contains or incorporates any terms or conditions the conflict with these General Provisions, then such proposal terms or conditions are not incorporated into this Contract. To the extent of any difference between the respective provisions of Contract Documents, the Contractor shall be bound by the provision(s) that are more stringent on the Contractor. Contractor represents and warrants that it has the requisite training, skill and experience necessary to perform all its obligations under this Contract and is appropriately accredited and licensed by all applicable agencies and governmental entities. Contractor represents and warrants that all materials, equipment, and services provided under the Contract shall be fit for the purpose(s) for which intended, for merchantability, and that the services conform to the Work herein. Acceptance of any service and inspection incidental thereto by the City shall not alter or affect the obligations of Contractor or the rights of City.
2. **Intellectual Property Rights.** Reports, drawings, plans, specifications and any other intangible property created in furtherance of the Work are property of the City for all purposes, whether the project for which they are made is executed or not, and may be used by the City for any purpose. Unless otherwise expressly agreed in writing, all intellectual property rights in such documents or intangible property created pursuant to this Contract, or for the City, belong to the City. Contractor retains any intellectual property rights in documents and intangible property created by Contractor prior to engagement, or not created by Contractor for its performance of this Contractor.
3. **Contract Term/City Extension Options.** The term of this Contract is as set forth in the Basic Provisions. The City has three (3) one-year extension options, which the City may exercise by written notice(s) to the Contractor.
4. **Compensation.** The Contractor shall pay the City monthly compensation as set forth in Section 4.02 Price Sheet, as may be modified as set forth in the RFP Scope of Work. Contractor shall pay liquidated damages to the City as set forth in the RFP Scope of Work.
5. **Termination of Contract.**
 - A. **For Cause.** The City may terminate this Contract if the Contractor is in material breach of any of the terms of this Contract, and such breach has not been corrected to the City’s reasonable satisfaction in a timely manner.
 - B. **For City’s Convenience.** The City may terminate this Contract at any time, without cause and for any reason including the City’s convenience, upon written notice to the Contractor.
 - C. **Non-appropriation of Funds.** The City may terminate this Contract at any time without notice due to non-appropriation of funds, whether such funds are local, state or federal grants, and no such notice shall be required notwithstanding any notice requirements that may be agreed upon for other causes of termination.
 - D. **Acts of Insolvency.** The City may terminate this Contract by written notice to Contractor if the Contractor becomes insolvent, makes a general assignment for the benefit of creditors, suffers or permits the appointment of a receiver for its business or assets, becomes subject

- to any proceeding under any bankruptcy or insolvency law whether domestic or foreign, or is wound up or liquidated, voluntarily or otherwise.
- E. Notice The City is not required to provide advance notice of termination. Notwithstanding, the City may issue a termination notice with an effective date later than the termination notice itself. In such case, the Contractor shall continue to provide the Work as required by the City until the effective date provided in the termination notice.
 - F. No Compensation from the City for Termination. In the event of termination by the City for any reason, the Contractor shall have no entitlement for any compensation whatsoever from the City relating to such termination. This includes without limitation no compensation for expenses due prior to or after the termination date, and no compensation for Contractor ambulance or other equipment lease obligations due prior to or after the termination date, and no compensation for any expenses related to personnel due prior to or after the termination date. However, effective upon the termination date, the Contractor is no longer required to pay the monthly compensation under section 4 above, which shall be prorated to the date of termination.
 - G. Transition Plan. Upon notice of termination for any reason, Contractor shall, to the extent required by the City, comply with any transition plan requirements in the RFP Scope of Work.
6. **Subletting/Assignment of Contracts**. Unless specifically authorized elsewhere in the Contract Documents, Contractor shall not sublet or assign any of the Work without the express, prior written consent of the City.
7. **Indemnification**. Except as otherwise provided in this Section, the Contractor hereby agrees to defend and indemnify and save harmless the City from any and all Claims arising out of, in connection with, or incident to any negligent or intentional acts, errors, omissions, or conduct by Contractor (or its employees, agents, representatives or subcontractors/subconsultants) relating to this Contract, whether such Claims sound in contract, tort, or any other legal theory. The Contractor is obligated to defend and indemnify and save harmless the City pursuant to this Section whether a Claim is asserted directly against the City, or whether it is asserted indirectly against the City, e.g., a Claim is asserted against someone else who then seeks contribution or indemnity from the City. The Contractor's duty to defend and indemnify and save harmless pursuant to this Section is not in any way limited to, or by the extent of, insurance obtained by, obtainable by, or required of the Contractor. The Contractor's obligations under this Section 10 shall not apply to Claims caused by the sole negligence of the City. Solely and expressly for the purpose of its duties to indemnify and defend and save harmless the City, the Contractor specifically waives any immunity it may have under the State Industrial Insurance Law, Title 51 RCW. The Contractor recognizes that this waiver of immunity under Title 51 RCW was specifically entered into pursuant to the provisions of RCW 4.24.115 and was the subject of mutual negotiation. As used in this Section: (1) "City" includes the City, the City's officers, employees, agents, and representatives and (2) "Claims" include, but is not limited to, any and all losses, penalties, fines, claims, demands, expenses (including, but not limited to, attorney's fees and litigation expenses), suits, judgments, or damages, irrespective of the type of relief sought or demanded, such as money or injunctive relief, and irrespective of whether the damage alleged is bodily injury, damage to property, economic loss, general damages, special damages, or punitive damages or infringement or misappropriation of any patent, copyright, trade secret, or other proprietary right. If, and to the extent, Contractor employs or engages subconsultants or subcontractors, then Contractor shall ensure that each such subconsultant and subcontractor (and subsequent tiers of subconsultants and subcontractors) shall expressly agree to defend and indemnify and save harmless the City to the extent and on the same terms and conditions as the

Contractor pursuant to this Section. The provisions of this Section 10 shall survive the expiration or termination of this Contract.

8. **Insurance.**

- A. Contractor shall comply with the following conditions and procure and keep in force during the term of this Contract, at Contractor's own cost and expense, the policies of insurance as set forth in this Section with companies authorized to do business in the State of Washington, which are rated at least "A-" or better and with a numerical rating of no less than seven (7), by A.M. Best Company and which are acceptable to the City.
1. Workers' Compensation Insurance as required by Washington law and Employer's Liability Insurance with limits not less than \$1,000,000 per occurrence. If the City authorizes sublet work, the Contractor shall require each subcontractor to provide Workers' Compensation Insurance for its employees, unless the Contractor covers such employees.
 2. Commercial General Liability Insurance on an occurrence basis in an amount not less than \$1,000,000 per occurrence and at least \$2,000,000 in the annual aggregate, including but not limited to: premises/operations (including off-site operations), blanket contractual liability and broad form property damage.
 3. Business Automobile Liability Insurance in an amount not less than \$1,000,000 per occurrence, extending to any automobile. A statement certifying that no vehicle will be used in accomplishing this Contract may be substituted for this insurance requirement.
 4. Professional Errors and Omissions Insurance in an amount not less than \$2,000,000 per occurrence and \$2,000,000 in the annual aggregate. Such coverage may be written on a claims made basis.
 5. Umbrella/Excess Liability insurance as may be required to demonstrate minimum Commercial General Liability and Business Automobile Liability Insurance total limits are \$5,000,000, which may be satisfied with primary limits or any combination of primary and/or Umbrella/Excess limits.
- B. The above liability policies shall be primary as to the City and shall contain a provision that the policy shall not be canceled or materially changed without 30 days prior written notice to the City. No cancellation provision in any insurance policy shall be construed in derogation of the continuous duty of the Contractor to furnish the required insurance during the term of this Contract.
- C. Upon written request by the City, the insurer or its agent will furnish, prior to or during any Work being performed, a copy of any policy cited above, certified to be a true and complete copy of the original.
- D. The Description of Operations on the Certificate of Insurance must substantially read as follows: "The above commercial general and auto liability policies are primary as to the City of Everett; have the City of Everett, its officers, employees, agents, and volunteers as additional insureds; and contain a provision that the policy shall not be canceled or materially changed without 30 days prior written notice to the City of Everett."
- E. Prior to the Contractor performing any Work, Contractor shall provide the City or the City's designee with a Certificate of Insurance acceptable to the City Attorney evidencing the required insurance. Contractor shall provide the City or the City's designee with either (1) a true copy of an endorsement naming the City of Everett, its officers, employees, agents and volunteers as Additional Insureds on the Commercial General Liability Insurance policy and the Business Automobile Liability Insurance policy with respect to the operations performed and services provided under this Contract and that such insurance shall apply as primary

insurance on behalf of such Additional Insureds or (2) a true copy of the blanket additional insured clause from the policies. Receipt by the City or the City's designee of any certificate showing less coverage than required is not a waiver of the Contractor's obligations to fulfill the requirements.

- F. If the policy listed above, Professional Errors and Omissions Insurance, is on a claims made policy form, the retroactive date on the policy shall be the effective date of this Contract or prior. The retroactive date of any subsequent renewal of such policy shall be the same as the original policy provided. The extended reporting or discovery period on a claims made policy form shall not be less than 36 months following expiration of the policy.
 - G. Contractor certifies that it is aware of the provisions of Title 51 of the Revised Code of Washington that requires every employer to be insured against liability of Workers' Compensation, or to undertake self-insurance in accordance with the provisions of that Title. Contractor shall comply with the provisions of Title 51 of the Revised Code of Washington before commencing the performance of the Work. Contractor shall provide the City with evidence of Workers' Compensation Insurance (or evidence of qualified self-insurance) before any Work is commenced.
 - H. In case of the breach of any provision of this Section, the City may, at its option and with no obligation to do so, provide and maintain at the expense of Contractor, such types of insurance in the name of the Contractor, and with such insurers, as the City may deem proper, and may deduct the cost of providing and maintaining such insurance from any sums which may be found or become due to Contractor under this Contract or may demand Contractor to promptly reimburse the City for such cost.
9. **Risk of Loss.** Contractor shall be solely responsible for the safety of its employees, agents and subcontractors in the performance of the work hereunder and shall take all protections reasonably necessary for that purpose. All work shall be done at Contractor's own risk, and Contractor shall be solely responsible for any loss of or damage to Contractor's materials, tools, or other articles used or held for use in connection with the work.
10. **Independent Contractor.**
- A. This Contract neither constitutes nor creates an employer-employee relationship. Contractor must provide services under this Contract as an independent contractor. Contractor must comply with all federal and state laws and regulations applicable to independent contractors including, but not limited to, the requirements listed in this Section. Contractor agrees to indemnify and defend the City from and against any claims, valid or otherwise, made against the City because of these obligations.
 - B. Any and all employees of the Contractor, while engaged in the performance of any Work, shall be considered employees of only the Contractor and not employees of the City. The Contractor shall be solely liable for any and all claims that may or might arise under the Worker's Compensation Act on behalf of such employees or Contractor, while so engaged and for any and all claims made by a third party as a consequence of any negligent act or omission on the part of the Contractor's employees, while so engaged on any of the Work.
 - C. Contractor shall comply with all applicable provisions of the Fair Labor Standards Act and other legislation affecting its employees and the rules and regulations issued thereunder insofar as applicable to its employees and shall at all times save the City free, clear and harmless from all actions, claims, demands and expenses arising out of such act, and rules and regulations that are or may be promulgated in connection therewith.
 - D. Contractor assumes full responsibility for the payment of all payroll taxes, use, sales, income, or other form of taxes (such as state and, city business and occupation taxes), fees, licenses, excises or payments required by any city, federal or state legislation which are now or may

during the term of the Contract be enacted as to all persons employed by the Contractor and as to all duties, activities and requirements by the Contractor in performance of the Work and Contractor shall assume exclusive liability therefor, and meet all requirements thereunder pursuant to any rules or regulations that are now or may be promulgated in connection therewith.

11. **Employment/Conflict of Interest.** The Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this Contract and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor, any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon or resulting from the award or making of this Contract. For breach or violation of this warranty, the City shall have the right to annul this Contract without liability or, in its discretion, to deduct from the Contract price or consideration or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.
12. **Audits and Inspections.** At any time during normal business hours and as often as the City may deem necessary, the Contractor shall make available to the City for the City's examination all of the Contractor's records and documents with respect to all matters covered by this Contract and, furthermore, the Contractor will permit the City to audit, examine and make copies, excerpts or transcripts from such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to all matters covered by this Contract.
