Describe Equipment (Model #): Honeywell Pro Watch software and associated Honeywell hardware as described in Appendix A of the 2022-079 RFQ

Describe Services: As described in Proposal #351-2203909, with the following edits per above – The customer denied allowing the RFI CLARIS deployment for systems monitoring.

- The Honeywell ProWatch SSA renewal period has originally renewed in January of each year and this did not coincide with this contract renewal period due to length of time for all parties to agreeably sign. Honeywell SSA and Upgrade value has been adjusted as shown above, and will now have a new renewal period of April 15th and the corresponding 12 month period. RFI and the Customer have determined the MaxPro license portion of the SSA is no longer needed or in use and has been reduced by its value and shall be removed from the license structure; original Line item shown as: (1) SSAHNMAPW Software Service Agreement – support for MAXPRO VMS Pro-Watch BaseSoftware for
