

## E-RATE LETTER OF AGENCY

Washington State Library Technology Consortium (LibTech)  
6880 Capitol Blvd SE  
Tumwater, WA 98501

RE: **Cybersecurity Amendment** to the Letter of Agency for E-Rate Funding Years 2024, 2025, 2026, 2027 & 2028  
(July 2024 – June 2029) Rev 2

This first amendment to the existing E-rate Letter of Agency confirms our library's participation with the LibTech Consortium in the new FCC E-Rate Cybersecurity Pilot Program for the procurement of eligible cybersecurity equipment and services for E-rate funding years 2025, 2026 and 2027. This amendment will remain in effect if the Cybersecurity Pilot Program is extended or integrated into regular E-rate programming in the 2028 funding year.

I hereby authorize the Washington State Library and LibTech to submit and to respond to related inquiries on FCC Forms 484 (Part 1 & 2), 470, 471, 472/474, 486, 498, 500, SPIN Change and Service Substitution Requests, plus any other related program forms or requirements, from to the Universal Service Administrative Company (USAC) on behalf of my library.

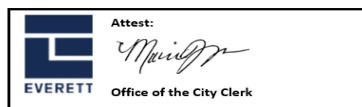

I understand that the Pilot Program rules do not allow applicants to apply as both individual entities and as part of a consortium, so this would preclude my library from applying for individual E-rate Cybersecurity funding. Unlike the regular E-rate program, this Cybersecurity Pilot Program is competitive and not all entities/consortia will be successful in receiving funding.

The certifications from our original Letter of Agency remain in effect and are extended to the Cybersecurity program as applicable.
